

## **Acknowledgment and Consent to Receive Homeopathic Services**

Homeopathy is an alternative natural discipline of medical care and it is not a substitute for conventional medical treatment.

The goal of homeopathic treatment is to raise the level of health, facilitate healing and improve the general well-being of the individual by stimulating the person's inherent healing abilities.

Homeopathic remedies are available OTC (over the counter)

I \_\_\_\_\_ have voluntarily chosen homeopathic treatment for myself / my child.

I understand that homeopathy is an alternative approach and that Nancy V Dutto exercises only as a certified classical homeopath and does not function as a licensed physician, and therefore does not perform any type of medical examination, diagnosis or surgery in her practice emphasizing that evaluations, medical examinations and monitoring should be performed only by a licensed physician.

I hereby accept all responsibility for any action taken for me or on behalf of my dependent (child) regarding homeopathic remedies and / or educational therapies offered by Nancy Dutto, CHom in her homeopathic practice.

I hereby release the responsibility of the professional mentioned above for any possible damages or loss during my alternative homeopathic treatment offered in her clinic.

I understand and affirm that I am seeking and receiving an alternative treatment and that under no circumstances will such treatment, advice and / or recommendation in natural health be considered a medical diagnosis or treatment.

The suggested alternative treatment will not oppose or replace any medical treatment indicated by a medical license.

I am aware that I should consult a doctor if I want a conventional diagnosis or treatment for any medical condition

I also accept that I have been provided with a professional disclosure statement that clearly informs that Nancy V Dutto practices as a certified and unlicensed classical homeopath and that her practice is covered under the new State of California health freedom laws that allow professionals without a license practicing homeopathy as an alternative healing art practice.
